VENICE PRODUCTION BRIDGE

New Media Funding Guide Venice - 2018

Offi | >>

editorial

The Biennale's Venice Production Bridge is now one of the important marketplace for new media projects with its dedicated space for VR projects at the VR Lazzaretto Vecchio island as well as the 15 projects selected in the Venice Gap-Financing Market.

In this context, OLFFI is happy to renew its partnership with the Venice Production Bridge and present to you the second edition of the New Media Funding Guide – Venice 2018.

Like other types of audiovisual projects, coproduction ventures are becoming more and more necessary to finance new media and VR related productions. Year after year, public funds have developed dedicated programs to support cooperation between producers at development and production stages. It has been for OLFFI an opportunity to develop its database and offer to its users the information related to those new forms of content at development, production and post-production stages.

We hope that this second New Media Funding Guide will facilitate your search for funds and will help you to gain a better understanding of financial mechanisms related to international co-productions.

The PDF's interactive version of this guide give you access to all the details of each of the programs is directly linked to the details of each New Media funds and programs as well as to the extensive OLFFI Database.

We wish you constructive and successful professional meetings!

The Venice Production Bridge Team & Olffi Team

About Olffi

OLFFI is the largest database about public funding and production regulations for Film, Television, Shorts and New Media. Reviewing more than 1000 different programs in 95 countries, OLFFI covers all the different stages of production from scriptwriting: development to post production. OLFFI also scans all the regulations and coproduction treaties. OLFFI is used by more than 60K professionals.

As funds keep changing their rules and developing new financing incentives we advise you to check regularly the Olffi database, whether on our website or via the Olffi app available on Appstore or Googleplay. Make sure you sign in with Olffi.com in order to have access to all the information and tools.
