The Biennale Session Circular  
Design Innovation exchanges  
and confronts international  
research from Germany, Italy,  
Brazil, Colombia, and Portugal,  
and involves students from  
Hannover and Ancona. Its  
focus is on circularity and  
circular economy in urbanism  
and architecture. The Biennale  
Session on the occasion of  
Biennale Architettura 2025  
contributes to the overall theme  
„Intelligens. Natural. Artificial.  
Collective“ and highlights  
the intelligence of circular  
approaches, re-use,  
and bio-innovation as Satellite  
Event of the CID Circular  
Design Innovation Alliance.
