Marvellous, Čudovito, Meraviglioso - *An exercise of radical imagination*

Il latte dei sogni, The milk of dreams, the title of Biennale Arte 2022 invites us to reflect upon the world on the threshold between real and imaginary, fascinating and scary. The world as a totality in permanent metamorphosis, a marvellous constellation of fragile contradictions.

Under such suggestive push, the University of Nova Gorica in collaboration with GO!2025-European Capital of Culture and under the patronage of UNISCAPE (*European Network of Universities dedicated to landscape studies and education according to the principles of the European Landscape Convention*), are participating in the Biennale Sessions at Venice Biennale Arte 2022 on 19 November 2022 at 4 p.m. in Sala D'Armi A. The excursion is entitled **Marvellous, Čudovito, Meraviglioso - *An exercise of radical imagination*** and reflects upon the “impossible ecologies” as driving forces that shape our “feeling for nature” and challenge the logic of main-stream green agendas.
