

**11th  
International  
Kids Carnival**

The International Kids Carnival is taking place, also this year, at Ca' Giustinian, La Biennale di Venezia's Headquarters. The programme of this eleventh edition mainly addresses technological and scientific themes, also thanks to collaborations with Istituto Veneto di Scienze, Lettere ed Arti, and with Consiglio Nazionale delle Ricerche – Istituto di Scienze Marine (CNR-ISMAR). In order to guarantee high-quality participation and to promote dedication amongst participants (youngsters, but not only), admission to venues shall be subject to workshop registration – as usual, fully free of charge. We would like, once more, to express our deep gratitude to teachers, schools, and institutions from participating countries, that have been enriching the Carnival programme with their enthusiasm for many editions.

**Paolo Baratta**  
President of La Biennale di Venezia
